Breeze 3 house plan is a variant version of the Breeze house plan. Breeze 3 is a small house for a family of 4 - 5 people. In relation to the basic version of Breeze, Breeze 3 is narrower, without the garage and the attic above the garage. This house plan is suitable for small, even a fairly narrow plot. Simple, easy to build body of house has been covered by a gable roof. On the surface of less than 140 m<sup>2</sup> three rooms with bathroom on the top floor, and a living room with a dining area and an additional room with a bathroom on the ground floor have been designed. On the ground floor the boiler room, porch, kitchen and storage-pantry, hidden under the stairs have been designed. From the garden side, the project foresees partly hidden under the roof arcade terrace. There is also a mirror version of this house plan.
